1. Roca Ona

Inspired by the Mediterranean Sea, Ona offers a wide range of timeless designs with soft shapes and geometric lines. Developed by the Roca Design Centre team in collaboration with Noa Design Studio and Benedito Design, the bathroom collection comprises basins and furniture, brassware, baths, accessories, WCs and bidets. Ona brassware is available in Classic Chrome, Titanium Black and Rose Gold in Everlux, Roca's PVD solution completed in-house within its brassware factories. Everlux provides a resistant finish that is ideal for hospitality, while for larger projects, a number of custom finishes are also a possibility using the same technology. www.roca.com

2. Roman Brushed Brass and Nickel

Roman has launched two new finishes – brushed brass and brushed nickel – for its Select Wetroom Panel range, joining the existing chrome and matte black; the latter is sandblasted to give a consistent and smooth lustre. The appeal and elegance of the brushed brass remain timeless, with brushed nickel fixtures becoming increasingly popular amongst architects and designers in luxury bathroom design. Made in the UK, Roman's Wetroom Panel options can be fitted to its low-level shower trays or straight to floor to create a true wetroom. All size options are available in 8mm and 10mm glass, with three sizes of flipper panel and one fixed version on offer. www.roman-showers.com

3. Kohler Occasion

Inspired by the high fashion and effortless glamour of Hollywood's Golden Age, Kohler's Occasion faucet collection is characterised by chamfered edges and the subtle flare of its base. A fine balance between facets, angles and edges further invites an interplay of light that draws the eye, while transitional design elements allow the faucets to blend seamlessly into a variety of bathroom aesthetics – traditional or contemporary. The cohesive style of the collection meanwhile marries the pieces across the sink, showering and bathing areas. Available globally, the Occasion range comprises a variety of lavatory faucets, together with bathing, showering and accessories. www.kohlercompany.com

4. SV Casa Argo

Developed by accessories designer and stylist Susanna Valerio, SV Casa has supplied guestroom, bathroom, F&B and spa accessories to over 320 of the world's iconic hotels. The Argo collection is a timeless and elegant bathroom set made from solid bronze with signature grooves. The pieces are heavy and rich of character, as every piece is handcast by the group's master artisans. SV Casa also provides complete customisation and bespoke collection designs at no extra cost, understanding that every project is different. To craft its creations, the manufacturer works with a variety of materials including stone, shell, lacquer, polyresin, wood, metal, glass and wood. www.svinternationaldesign.com
